## Dark Visions - A Masterclass and Fun Class with Ken Tucker

Dark and stormy visages. Knotted brows and curled lips. The stern self-portrait has a long history in art, from Durer's gaze to Van Gogh's bandaged ear. Join master artist Ken Tucker as he shows children how to combine colours, and use those shades of grey, to paint themselves as they sometimes wish the world would see them! Choose either the full day master class or the half day fun class.
